Narrative Type: MAIN REPORT  
Author: MESKAN, STEVE

Location: Park N Fly, level 2, spaces #2-186 and #2-188

### PRELIMINARY

=====

Dispatched to location reference to two suspicious vehicles that were unoccupied.

### OBSERVATIONS/ACTIONS

=====

I arrived and made contact with Reporting Party in his office at this location. He advised the following:  
R/P [REDACTED] stated two of his parking attendants just assisted a white female and a white male that had entered their property and parked two cargo box vans.

That both subjects appeared suspicious for the following reasons:  
Once entering the parking ramp, one of the two subjects asked [REDACTED] if they could park on the side, away from other parked vehicles. [REDACTED] escorted them from the entrance gate to level 2 parking ramp and told subjects to park their vehicles in a corner of this parking ramp level.

That this white male driver of one van and white female of the other, backed into the marked parking spaces, reverse order.

That both subjects then changed the shirts they were wearing and placed windshield sun covers into the windshields of both vehicle.

That subjects then placed a wheel lock on the exterior rim of both right tires to each truck.

That both subjects then got into another Park N Fly transport van for a ride to the airport, in which subject #3, [REDACTED] assisted them. [REDACTED] advised both subjects were carrying similar black medium sized suitcases and black laptop sized soft case.

That both subjects entered his van for a ride and that he overheard them talk about electronics.

That [REDACTED] left the parking ramp at approximately 0915 hours, arriving at Northwest entrance area at approximately 0920.

That both subjects told him they would be back in three weeks.

That due to the nature of subjects actions, they phoned BPD and after discovering a newsletter lying in plain view, located on the right front passenger side of one of the vans, that [REDACTED] became suspicious after reading the front cover of the newsletter on the front seat, which was titled "The House of Yahweh Newsletter", cover story stated "Nuclear War to Start September 12, 2006"

That furthermore, [REDACTED] noticed in the other van, in plain view from the outside, a paperback book, lying on the floorboard, between the front seats that appeared to be a photo of an exploding building, on the front cover.

[REDACTED] felt, that due to the nature of these secured vehicles by the wheel locks, as well as both subjects changing their shirts upon arrival, that these vehicles needed to be further checked by authorities.

### DISPOSITION

## Incident Report

BLOOMINGTON POLICE DEPARTMENT  
1800 W OLD SHAKOPEE RD  
BLOOMINGTON, MINNESOTA 55431  
(952) 563-4900

Incident Number: BP06-008938

=====

I interviewed both subjects #2 and #3 ( [REDACTED] ) who gave similar descriptions of subjects #4 and #5 ( [REDACTED] ) that being the white male as being mid 30's in age, 5'10", 160#, medium build, short black hair. He first appeared wearing a white shirt, black dress pants, black belt and black shoes, then changed, in the parking ramp, to a dark shirt, long sleeved button style, either black or navy blue.

Both described subject [REDACTED] as a white female, late 20s or early 30s in age, 5'4", 110 to 130#, light brown hair, wearing a white shirt, black dress pants and flat shoes. She then changed, in the parking ramp, to a red knit sweater top and a dark jacket.

Both were carrying black suitcases, approximately 30 inches by 20 inches and both appeared to be 20 to 30 pounds a piece.

Both carrying laptop sized soft bags.

After speaking with Reporting Person, I proceeded to level 2 of the ramp and observed listed vehicles in the parking spaces. I checked the cab of one vehicle and confirmed a newsletter lying in the right front seat. I checked the cab from the outside of the other vehicle and also confirmed a paperback book with the front cover photo of an apparent building exploding.

I further noticed both right rear wheels were secured with a wheel lock, steel bar system, and padlocks on both rear cargo doors.

Both cabs were secured and sun windshield covers were in place.

Sgt. Roepke was called to the scene and further authorities were notified due to the circumstances.

R/P had little or no further information regarding the two drivers of these vehicles. It appeared that both cargo boxes were freshly repainted and registration check on both vehicles revealed they were leased from the same company in Hercules, California: One being leased by a female and the other a male.

I check both vehicles from the exterior completely for any obvious signs of explosives or narcotics. None were observed.

Airport Police were notified and Officer Dalos responded with his K-9 for a search of the outside of the vehicles. Officer Dalos advised me his dog slightly indicated of narcotics on the right front passenger door of one vehicle. Officer Dalos contacted U.S. Customs Service in which two officers responded with an electronic scanning device and further checked both vehicles from the outside.

Shortly after, Officer Broen and his K-9 responded and did an exterior search of both vehicles, not indicating a positive result of explosives or narcotics.

Commander Olmstead responded with BPD Bomb Squad Officers, which did a further exterior search, using mirrors.

Minneapolis FBI Office was notified, in which Special Agents Zimmerman and Cannizzaro Jr. responded for further investigation.

I learned from both FBI Agents that the registered lessee of one of the vehicles is a confirmed daughter of a noted and public White Supremist leader, Thomas Linton Metzger. That group being the Arian Nation. See the FBI Special Agent's report for further details.

Soon after investigating agents advised for us to make entry into the cargo box of one van, BPD Bomb Squad Officers Mehr and Phillippe cut one lock to the cargo door of one parked van. A brief and short look inside revealed miscellaneous commercial photography equipment. No contraband was found.

Officers resecured the door and cleared the scene.

Commander Olmstead requested CSO Harty to purchase a new lock and bring back to the scene. I stood by and maintained custody of both vehicles until at approximately 1800 hours, I secured the cargo box with a new lock and key.

At no time did anyone enter this area.

---

I placed a new lock on the cargo box and returned to the Park N Fly office, one level down and left the new key and the damaged cut lock with Reporting Party.
